Fastlearn™

2027 EDITION

BETTER LEARNING. CLEARER STANDARDS.

A standards-led approach to short-course training, evaluation and accreditation.

Fastlearn ™

OVERVIEW

More than a training provider

Fastlearn Canada supports the quality ecosystem surrounding short courses and professional learning.

FASTLEARN IS NOT A TRAINING CENTRE

It provides standards, assessment and accreditation services for trainers, learners, training centres, courses, training materials and training tools.

Standards Evaluation Accreditation

Fastlearn™

THE IDEA

Learning never stops.

Whatever their profession or age, people share a lifelong need to keep developing their capabilities.

01

FAST

Short-format learning built for real-world schedules.

02

ENGAGING

Practical learning experiences that sustain attention.

03

TRUSTWORTHY

Quality standards that make learning more dependable.

Fastlearn ™

OUR DIRECTION

Vision & mission

VISION

To apply training standards and create services and products that make learning enjoyable, fast and reliable.

MISSION

Apply professional training standards; objectively evaluate training courses; and accredit trainers, learners and training courses.

Fastlearn ™

OUR MODEL

Three pillars. One quality system.

Our approach connects meaningful criteria, independent review and accreditation decisions.

01

STANDARDS

Define quality expectations

02

EVALUATION

Examine evidence and outcomes

03

ACCREDITATION

Recognize qualified participants

ACCREDITATION PATHWAY

From application to recognition

A practical, evidence-based progression for trainers, courses and learners.

01

TRAINER / CENTRE

Apply and submit professional documentation.

>

02

COURSE / MATERIAL

Review training content, tools and course requirements.

>

03

TRAINEE / OUTCOMES

Deliver training, evaluate learning and issue eligible certificates.

Fastlearn ™

PROCESS IAT4086

International trainer accreditation

The original Fastlearn procedure specifies an application and document-review process.

- Complete application form IAT4086 and sign the compliance commitment.
- Provide an up-to-date CV in English.
- Submit colour PDF copies of academic qualifications.
- Submit passport identification pages showing details in English.
- Pay the applicable fees and provide evidence of payment.

Approval is subject to review. Further documents may be requested; administrative fees are non-refundable.

Fastlearn ™

TRAINER ACCREDITATION

What comes next?

Following successful approval, the trainer may request Fastlearn certificates for eligible trainees.

TRAINER

Accredited status

An approved trainer can support learner certification under the programme rules, with certificate-related fees applicable.

DOCUMENTATION

Compliance evidence and training records remain central to the certification process.

Fastlearn ™

PROCESS ATC4012

Training course accreditation

Course accreditation links an already-accredited trainer to a defined programme of learning.

- Complete application form ATC4012 and sign the compliance commitment.
- Provide the international trainer accreditation certificate and accreditation number.
- Complete the applicable fee/payment process.

Course accreditation is required when requesting formal course evaluation, a training report or trainee examinations. Existing approved trainers may use Fastlearn branding as permitted by programme rules.

Fastlearn ™

PROCESS ETC4023

Course evaluation

A documented review of training delivery and supporting accreditation evidence.

- Complete evaluation request ETC4023 and sign the compliance commitment.
- Provide international trainer accreditation details.
- Provide documentary evidence of the accredited training course.
- The review may support an evaluation report on the course.

Fastlearn ™

PROCESS ETC4033

Training course examinations

A documented pathway for testing learners in an accredited course.

- Complete examination request ETC4033 and sign the compliance commitment.
- Provide international trainer accreditation and accreditation number.
- Provide the relevant approved training-course document.
- Testing and trainee certification follow the applicable programme rules.

Fastlearn ™
